Health and Care in Ageing

Societies Liz Lloyd,2012-05-16 In the context of global ageing societies there are few challenges to the underlying assumption that policies should promote functional health and independence in older people and contain the costs of care This important book offers such a challenge It provides a critical analysis of the limitations of contemporary policies and calls for a fuller understanding of the relationship between health and care throughout the life course Located within the tradition of the feminist ethic of care the book provides a fresh insight into global policy debates and the impact that these have on people's experiences of ageing Including international evidence on health inequalities health promotion and health care this book will be of interest to a range of social scientists particularly specialists in gerontology and social policy

Alzheimer's Disease

R. C. Hamdy,1994 This book addresses the various aspects of this devastating disease and explains how each affects both the patient and his or her family The discussions emphasize that patients are not beyond help and identify specific resources for families as well as timely information on drug therapy

The Conditions Afflicting the Body, Mind and

Soul of America Victoria Sookoo,2025-09-19 The Conditions Afflicting the Mind Body and Soul of America examines ten of

the most prevalent health conditions troubling the U S and the statistics surrounding their effect on the population healthcare system and the economy The book offers in depth information on each disorder s detail and structural elements and walks readers through each step of patient care from causes and symptoms to new treatments and prevention methods It concludes by delving into a hopeful future for health services with emerging health technologies such as virtual healthcare nanomedicine AI robotics genome sequencing and other innovations Dr Priede s publication is a detailed yet straightforward guide for practitioners patients and caregivers to live a well informed healthy life It is intended for the general public and the health industry to increase dialogue and awareness and promote solutions for the health challenges the U S will face in the future

Cumulated Index Medicus ,1989 [Mind & Membrain](#) Joanna Wildy,2022-11-05 Mind Membrain begins by revealing the physical missing link between head impacts and mental health issues and early onset dementia The statistics are well documented and the link is now headline news for sports such as rugby and football
