## **Bus Driver Game Manual:**

*Instructor's Manual for California's Bus Driver's Training Course* California. Department of Education, 1990 This instructor's manual was designed to help graduates of the California Bus Driver Instructor Course provide effective instruction to school bus driver trainees. It contains enough material for 20-30 hours of classroom training. The information is organized in 12 instructional units that cover the following topics: introduction to the course, driver's license and special certificate requirements, bus operation, use laws and regulations, vehicle components, general defensive driving techniques, specialized defensive driving techniques, passenger loading and unloading, emergency procedures, passenger management, activity trips, the special needs passenger and public and community relations. Each unit includes an outline of the lesson plans, notes to the instructor, content information, handouts and pretests, and a unit test. A final unit of the guide provides additional information for the instructor on teaching the course such as materials needed to conduct classes, classroom arrangement, lesson planning and teaching techniques and tests, and answer keys.

Kathleen Lynne Lane, Holly Mariah Menzies, Allison L. Bruhn, Mary Crnobori, 2025-12-19 Solidly grounded in research, this book provides an overview of tested, easy to implement strategies for preventing problem behavior in the classroom and responding effectively when it does occur. Part I focuses on prevention, discussing best practices in classroom management and instructional delivery. Part II covers more intensive interventions for students who require individualized behavior support. Chapters describe the use of behavioral contracts, self monitoring and functional assessment based interventions. The authors' model is fully compatible with positive behavior intervention and support (PBIS) and response to intervention (RTI) frameworks. In a large size format for easy photocopying, the book includes more than a dozen reproducible checklists, self-assessment tools and planning forms. Purchasers get access to a Web page where they can download and print the reproducible materials.
